## A NEW START

### Let *A New Start* help get you on your way.

*A New Start* provides gently used medical equipment and assistive technology devices to individuals who are unable to obtain what they need through ordinary channels. Our goal is to reutilize home medical equipment and other devices that are sitting around unused, and get the equipment to someone in need. *A New Start* reutilization program is offered as a service of Roads To Freedom.

**How it works:** Roads To Freedom (RTF) works with other agencies and organizations to provide assistance to individuals who might benefit from reutilized equipment. There is no fee for equipment and all requests are on a first come-first served basis. We prefer that individuals or family/friend pick up equipment at Roads To Freedom. If this is not possible, RTF will work with the individual to identify someone who can assist with pick up/delivery of equipment. Once an individual receives a piece of equipment, it belongs

to them until they no longer need it. If the equipment is still in good condition they may choose to donate it back to *A New Start* to be reused again.

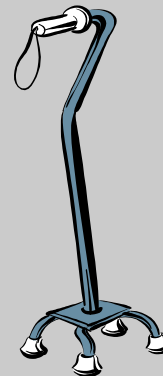

**Eligibility:** Any resident of Pennsylvania who needs equipment but has no other means of obtaining it may receive items from *A New Start* equipment exchange and reutilization program.

Our main service region covers nine counties in North Central PA but donations will be accepted and distributed to anyone throughout the state, provided arrangements can be made for delivery and/or pick up.

**Donations:** We accept donations from agencies, businesses and private individuals. All donations are tax deductible.

**Types of equipment:** walkers, Hoyer lifts, bath chairs, toilet chairs, transfer benches, transfer boards, manual/power wheelchairs, scooters, daily living aids, assistive listening devices, computers, and communication devices.

At this time, we cannot accept computer or power equipment that is not functioning. If there is a question whether an item is suitable for donation, please contact us to discuss the donation.
