

American Red Cross
Everyday Community Supporter

The need is everyday.

As a blood drive sponsor, we need your help this winter.

Become an Everyday supporter of your community and the American Red Cross by sponsoring a blood drive this winter and providing eligible donors the chance to give blood or platelets for patients in need.

To show our appreciation for our sponsors who participate this January and February:

- ◆ A special window cling will be provided for your business to display proudly.
- ◆ For our sponsors who achieve 110 percent of their blood drive goal, we will recognize you by name for your lifesaving achievements in a USA Today advertisement to be placed at the end of the campaign, as well as feature you on redcrossblood.org.

*The Fact is, in your lifetime
everyone will need blood or will
know of someone in need. -Lori*
